

Union Ended Brass Ball Valve Male x BSPP Female

- Red Butterfly Handle
- Screwed BSPP Female x Male BSPP Union End
- PTFE Seats
- ½" - 1"
- Temperature -10°C to 120°C

Description

The BV439 fits into our range of valves for building services, offering a male union end with a screwed BSPP female end. Easily operated via a Red butterfly handle. The valve is compact in size and is well suited to fitting into manifolds. The valve has PTFE seats and is suitable for temperatures from -10°C up to 120°C. Rated PN50 - ½", PN44 - ¾" and PN40 for 1". Full bore allows a non restricted flow.

Description

A straight pattern brass ball valve with screwed BSPP Female x BSPP Male Union ends. Nickel plated body with brass stem and ball. PTFE seats with NBR seals. Red Butterfly valve handle.
